**Five Keys for Efficient Brass Playing**

**Clinicians:** Andrew Stetson, Texas Tech Univ; Will  
Strieder, Texas Tech Univ

**Presenter:** Gregory Hayes, Frisco HS

**PE 111008 – 1.0 Hr**

The physical demands of brass playing are well known and often lead to premature fatigue, reductions in range and performance ability, and even playing injuries. The clinicians will offer five keys for a more efficient brass playing approach that can help students improve playing ability, increase endurance, and avoid injury.
